WEDNESDAY, MAY. 16.

Ex-Representative Logan T. Neat, a leader of the Republican party of Adair county, and who is very popular all over the Eleventh district, and would be in Congress to-day were it not for his extreme modesty, made a very enthusiastic speech at the court-house Monday. He denounced the Courier-Journal and the Adair County News, and many predicted that both papers would have to suspend. We are truly grateful to Mr. Neat for his kindly expressions, and in the language of "Bobbie" Burns will state that "no man can do for us what we will not do our selves," and at the very earliest opportunity he will be repaid for his unexpected though highly appreciated kindness.

Republican State Convention at Louisville to-morrow.

No decision from the Supreme Court.

If Supreme Court decides against the Democrats Taylor's pardons will stand and the whole gang of murderers will be turned loose.

The middle-of-the-road Populist met in Cincinnati last Thursday and nominated Wharton Barker, of Pennsylvania, for President and Ignatius Donnelly for Vice President.

Expansion got a black eye in the Tennessee Democratic convention held at Nashville last Thursday. Hon. Benton McMillin was renominated by acclamation for Governor, and Thomas L. Williams was again selected for Railroad Commissioner.

James Howard is now in custody, the sheriff of Clay county having delivered him to the jailer of Franklin county. Howard says he is not guilty of the crime of killing Governor Goebel, and that Culton lied on him. When Howard entered the jail Culton said: "How are you, Jim?"

W. J. Bryan and Charles A. Towne have been nominated for President and Vice President by the fusion Populists. Many of the delegates were opposed to nominating a candidate for the second place until after a conference with the national Democratic Committee.

The meeting of the ex-Confederates at Louisville on May 30, continuing four days, promises to be the largest gathering of these old soldiers since the close of the rebellion. Every State in the union will be represented, and in entertaining Louisville will do herself proud. This section will be largely represented by visitors.

It looks like Collector Sapp will have to walk the plank. He is charged with violating the Civil

Service laws, and the papers have been transmitted to the Senate. The Commission to investigate recommends the removal of Mr. Sapp. There has been more or less trouble in the Collector's office ever since Sapp has been in.

Charles F. Neely, the chief manager of the Postal Department in Cuba, in a few short months stole over eighty thousand dollars. He is from Indiana, and is out on a bond much less than the stealage. A report comes from Washington that McKinley is a 'raid the expose will hurt his administration. Not a bit of danger. From now on the Republican conventions will praise the President for his wise selections. McKinley is a horse and can pull the whole load.

Another Democrat has been unseated in the national Congress, Mr. Crawford, of North Carolina, steps down and out and Mr. Pearson, a Republican, steps in. It was just as fair. In fact the Republicans are a liberty-loving people, with orders from Mark Hanna to take "nuttings" small, but go after whole States in the coming Presidential contest. When Mark is liberal he is the liberalist man "you ever did see." He is such a generous, kind-hearted man, even allows McKinley to associate with him.

Gov. Teddy Roosevelt is, in his own estimation, the biggest thing in Washington and the most showy flower in the Republican bouquet. He has been strutting around the Capitol and the White House as though he owned the whole shooting match, and patronizingly giving advice to Mr. McKinley, Boss Hanna and others who thought they knew a little something about the party machine. For some reason the Republican leaders are all adding to the size of Gov. Teddy's head by the deferential manner in which they are treating him. Mr. McKinley gave a dinner in his honor, and he was invited to a dinner given to the Republican leaders in Congress by Boss Hanna, at which the platform to be adopted by the Philadelphia convention was read by Hanna and Roosevelt's advice asked as to its planks. If you ask what all this means, you ask the question that was propounded many times in Washington last week, and not yet satisfactorily answered. One very reasonable answer is that the Republican managers have become uneasy about New York, and are devising ways and means to help Teddy carry the State.

The following editorial is from the Elizabethtown News, and expresses the same sentiment this paper put out several weeks ago: "We want to see old Kentucky roll up an old fashioned majority for the Democratic ticket this fall and the way to do it is by persuasion instead of prescription. We would first open the doors to the Brown men, because nine-tenths of them believe in the Chicago platform and were for Bryan and will be again. Then the men who left the party in 1896 should be urged to come back. They say they left on account of free silver and they say we can't have free silver for five years, so that need not scare them off this time. They can and should come back on account of the trusts, which they are opposed to or the Imperial policy of the Republicans which they are generally against, but if they can't come on any of the principles for which the party will fight let them come just simply because they can't be Republicans. The great battle this year is to be fought on the distinctive line whether this is a government of the people on the one side or a government of the classes on the other side. Whether this is a government that respects and supports the Constitution or whether it violates the Constitution."

Are receiving the highest praise from those who use them. They have merits that cannot be downed by any competitor. Simplicity in construction, lightness of draught and durability combined in one machine make it hard for theory to down. Come and examine these machines before you buy. I have a big stock Saddles, Harness, Brides and in fact everything kept in a first-class Saddlery store. Repair work done on short notice.

J. W. JACKMAN.

Kentucky Squirrel, No. 427.

By Red Squirrel, heby Black Squirrel

Will make the present season at Barbee & Grissom's livery stable in Columbia and will serve mares for the low sum of \$10.00 to insure a living colt. Money due when colt is foaled or mare traded or removed.
DESCRIPTION.—Kentucky Squirrel was foaled in 1887; is a brown 134 hands and is rich and fashionably bred. We do not believe there is a saddle stallion living that can out act him. As a three-year old he was shown all through Kentucky and was never defeated in his ring, and at the close of the season he was sold to J. W. Bales, of Richmond, Ky., for \$1,900. He is a perfect model, a horse of wonderful endurance, and a very superior actor. He has proven himself a number one breeder. S. T. Harrison, of Lexington, recently sold a mare sired by him for \$600. If you want a horse that is large enough, fine enough and does enough breed to Kentucky Squirrel.
